CAL FIRE Water Rescue Awareness Certification Process

CAL FIRE Water Rescue Awareness is available by completing the CAL FIRE Water Rescue Awareness CD or the program and supporting documents are available on the website at: http://btutraining.org/self-paced-training

The CAL FIRE Water Rescue Awareness CD was previously provided to each fire station.

To get credit for the CAL FIRE Water Rescue Awareness course, employees must provide the completed Water Rescue Awareness test or a copy of a CAL FIRE or SFT Water Rescue Awareness certificate. The Water Rescue Awareness test or cert must be submitted to the Training and Safety Bureau as an attachment to the completed Advanced Firefighter check off sheet.
